Complete an Ancestor Chart (A blank form is available [here](#))

A list of Settlers has been compiled from records of those times and is available [here](#). If someone can trace their ancestry back to an ancestor who settled in Tiffin or Clinton Township before the end of 1830 – either on the list or from some other source, we can say that this would be enough verification to be called a descendant of a First Settler. This process will NOT be as stringent as a true lineage society (e.g. DAR, First Families of Ohio, etc.).

Be a Part of the Celebration

At the events being planned for 2022, we plan on recognizing Descendants in attendance in some special way. Contact information is important so we can notify you of such plans when completed.

We also plan to make available for purchase a special souvenir T-shirt just for Descendants to display their unique heritage.

Family Story (an option, not required)

Submit your text on a separate piece of paper. By submitting a story, you give us permission to use/publish the information in promoting the story of Tiffin's 200 – Bicentennial Celebration
